### What's a Chemo Port Pillow?

A chemo port pillow is a small pillow that a patient can Velcro around a car seatbelt or other shoulder strap to cushion and protect the port, typically implanted on the upper chest, used to deliver chemotherapy drugs.

In the lobby, there is a tote collecting these port pillows for anyone who is interested in helping out this cause. These will be added into "Bags of Hope" provided from The Chemo Bag, given to chemotherapy patients around the Lehigh Valley.

If you're interested in participating grab a packet of instructions in the lobby. Don't sew? No problem! We're always looking for donations of supplies which can be found in the directions. Got Questions? Contact Dawn Dengler (dawndengler@gmail.com)

Next group gathering to assemble port pillows together:  
July 20 after 10:30am worship in the Youth Room. No  
experience or sewing ability necessary.

Can't make this one? There will be other opportunities in the future, just contact Dawn!

**Our Leadership Planning Team (LPT) and Consistory continue to meet on the 3rd Monday of the month at Consistory meetings and on Saturday mornings about every other month.**

**Thank you to our team for finishing our community needs assessment interviews. We learned so much and can't wait to find new ways to be the church in our community! Over the Summer, this information will be reviewed along with the mapping information we received from our consultant and we will work on integrating it with our marketing plan and case statement for visioning and implementing ministry and mission goals.**

**After 2 years of work, we are taking a break from the major pieces of the Leadership Planning Team process for a sabbath rest and to honor the challenging time we are in.
